

# Contents

- i* Introduction  
J.A. Harrison
- 1* CHAPTER 1 Priorities for systematic studies on southern African  
reptiles  
W.R. Branch
- 28* CHAPTER 2 Taxonomic units relevant to conservation planning  
A.M. Bauer
- 32* CHAPTER 3 Mismatches between morphology and genetics  
G. Alexander
- 34* CHAPTER 4 Methods, techniques and protocols for phylogenetic  
studies on southern African reptiles  
K.A. Tolley, M. Cunningham and A.A. Turner
- 40* CHAPTER 5 A sampling and implementation strategy for phylo-  
genetic studies on southern African reptiles  
M. Cunningham, J.A. Harrison and K.A. Tolley
- 48* List of workshop participants
