

CONTENTS

Bothalia 43,1

1. A taxonomic review of the dry-fruited species of <i>Anemone</i> (Ranunculaceae) in southern Africa. J.C. MANNING and P. GOLDBLATT	1
2. Pollen morphology of members of southern African <i>Boerhavia</i> and <i>Commicarpus</i> (Nyctaginaceae). M. STRUWIG, S.J. SIEBERT and A. JORDAAN	15
3. Reproductive biology of <i>Stomatium bolusiae</i> (Aizoaceae: Ruschioideae). P.C. ZIETSMAN ...	23
4. A revised infrageneric classification and synopsis of the Afro-Eurasian genus <i>Moraea</i> (Iridaceae: Irideae). P. GOLDBLATT, J.C. MANNING and J. SCHNITZLER	29
5. Review of chromosome cytology in <i>Moraea</i> (Iridaceae: Irideae): what chromosomes reveal about the evolution of the genus. P. GOLDBLATT and J.C. MANNING	43
6. <i>Exsiccatae</i> in the bryophyte collection of the National Herbarium, Pretoria. J. VAN ROOY ...	55
7. Notes on African plants:	
Asteraceae. A new name and neotypification for <i>Hippia integrifolia</i> (Anthemideae). A.R. MAGEE and B. BUSCH	92
Asteraceae. <i>Distephanus</i> (Asteraceae: Vernoniaceae): a new combination and a new record for southern Africa. R. BOON and H.F. GLEN	94
Asteraceae. Two new combinations in <i>Caputia</i> and <i>Curio</i> (Senecioneae). J.C. MANNING ...	93
Chenopodiaceae. <i>Chenolea convallis</i> , a new species from Western Cape Province, South Africa. D.A. SNIJMAN and J.C. MANNING	80
Colchicaceae. First record of <i>Gloriosa sessiliflora</i> in Angola. A. MAROYI	67
Hyacinthaceae. Nomenclatural corrections in sub-Saharan Africa, predominantly subfam. Urgineoideae. J.C. MANNING and P. GOLDBLATT	75
Orchidaceae. <i>Habenaria amoena</i> newly recorded for Namibia. B. BYTEBIER	90
Poaceae. Taxonomic significance of epidermal structure in southern African members of <i>Helictotrichon</i> . A.C. MASHAU, L. FISH and A.E. VAN WYK	70
Sapindaceae. <i>Zanha africana</i> , a new distribution record for Namibia. W. SWANEPOEL ...	89
Thymelaeaceae. <i>Lasiosiphon rigidus</i> , a new species from the Tankwa Karoo and two new combinations in the genus for South Africa. J.C. MANNING and J.S. BOATWRIGHT ...	84
8. Notes on naturalised plants:	
<i>Petiveria alliacea</i> in KwaZulu-Natal, South Africa. M.D. CHEEK	97
9. FSA contributions 21: Connaraceae. M. JORDAAN	99
10. A taxonomic revision of the small Cape genus <i>Steirodiscus</i> (Asteraceae: Senecioneae). J.C. MANNING, P. GOLDBLATT & L. JOUBERT	109
11. Obituary. Sarie Magdalena Perold (1928–2011). J. VAN ROOY	121
