

CONTENTS

PREFACE	iv
INTRODUCTION.....	1
The use of adult dragonflies versus larvae, exuviae and water chemistry.....	1
Some biogeographical considerations.....	2
Dragonfly assessments in context.....	3
Dragonfly biology.....	3
Ecoregions and their significance for dragonflies.....	4
Threats to South African dragonflies.....	5
Red List status of South African dragonflies.....	5
The Dragonfly Biotic Index.....	14
The DBI sub-indices.....	15
Steps and recommendations for determining DBI values.....	16
Using the Dragonfly Biotic Index in practice.....	30
Methods and techniques for dragonfly recognition, assessment and conservation.....	31
Comparing the Dragonfly Biotic Index across geographical areas.....	33
SPECIES DESCRIPTIONS	37
CALOPTERYGIDAE	38
CHLOROCYPHIDAE	39
SYNLESTIDAE	43
LESTIDAE.....	51
PLATYCNEMIDIDAE	58
COENAGRIONIDAE	64
AESHNIDAE.....	103
GOMPHIDAE.....	114
CORDULIIDAE	130
LIBELLULIDAE	138
CHECKLIST OF SOUTH AFRICAN DRAGONFLIES	201
PHOTOGRAPH CREDITS AND ACKNOWLEDGEMENTS	206
BIBLIOGRAPHY.....	207
GLOSSARY.....	209
INDEX	212
